

Writing Challenge

Draw a picture of your hero? Add labels to show what they look like. Now write a sentence to explain why this person is your hero.

Maths Challenge

Can you quickly recall all number bonds to make 10? Write them in order (0+10, 1+9 ...). Ask your grown-up to write some missing number calculations for you ($7+ \underline{\quad} = 10$).

Theme Challenge

Design your own superhero. Think about their super power and what they will wear. Draw your superhero and add labels. You could even write a story about the day your superhero rescued someone.

Year 2 Home School Challenge

What Makes a Hero?

Due in by 22.12.23

Science Challenge

In your science lessons you have been learning about food chains. Pick an animal and draw a food chain for this animal.

Complete all of the tasks in the speech bubbles.

Choose 2 or more of the blue tasks to try at home.

Ask It!

Ask a member of your family or a friend about their hero. Why do they admire this person?

Visit it!

Go for a walk around Hull city centre with an adult. How many statues can you spot? Were these people heroes?

Photograph it!

When walking in the city centre take photos of the statues that you see. You could even dress up as a superhero and ask someone to take your photo.

Cook it!

Can you bake a cake that you could give to a local hero to say 'thank you'?
