

AUTUMN 1 2025

In maths, we have been using equipment to understand place value and then applying that to addition and subtraction of 2-digit and 3-digit numbers.

In our writing lessons, we have been using the text, The Stone Age Boy to write character and setting descriptions.

We love reading our reading books and completing the quizzes at the end of every week.

We have also been listening to our teacher read James and the Giant Peach as our end of day story.

In history, we have been learning about Prehistoric Britain. We have created our own cave paintings, used different sources to do research and completed timelines to show our understanding of history.

We made a silly pose for our attendance photo. We earn jigsaw pieces every week our class attendance is over 96%.

We have enjoyed our first half term being Year 3 Rabbits!

YEAR 3 RABBITS
