

NEWSLETTER FOR OLDFLEET PRIMARY SCHOOL

Dear Parents and Carers

With this half term being a short one, this has felt even shorter with the two bank holidays! However, our children have been using all their learning muscles well and have achieved great successes in their learning. Already this half term our children's learning has been enriched through a poet's visit to Year 4, Bempton Cliffs visit for one Year 3 class with the other class making this visit next week, weekly gardening sessions for KS2 children with more scientific sessions from visitors and virtually for our upcoming science week.

The children enjoyed celebrating the coronation of King Charles III through many activities including pledging and running a mini marathon (1 mile) to mark the occasion whilst also attempting to break a world record of 'the most pledges received for an exercise campaign in one month'. Look out for our updates on how we have got on.

As promised in the last newsletter, we have more upcoming events that we would like to welcome you, our parents, to come and join in with your children's learning. In the final week of this half term we have Maths sessions which we would like to invite you to attend and also the annual sports events which will commence after the half term break. Please see **page 2** of this letter for these **important dates** and times.

We would also like to praise and acknowledge the effort of our Year 6 children who successfully completed their KS2 SATs - well done! Their week ended with a den building day, using their team working skills to produce some sturdy dens!

Pages 3 & 4 of this newsletter details all the events what are coming up right to the end of this academic year. We are still adding more events to our calendar to add to our children's experiential learning so please keep reviewing the newsletters as we send these out. We don't want you to miss out!

We would like to take this opportunity to remind you to look out for the QR survey code which is displayed whenever you visit our school. This is very quick and easy survey to complete and gives us regular feedback on how you feel our school is developing. We value your feedback and welcome you to complete this short survey as often as you can. If you aren't signed up and a follower of our school on Twitter (@OldfleetP), please do so and share what successes your children are having at home as well as seeing the learning happening in school.

This half term ends on Friday 26th May 2023 for one week with the children returning on **Monday 5th June 2023**. The Oldfleet staff team and I would like to thank you for your continued ongoing support.

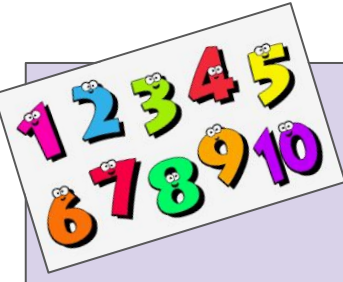

Julie White
Head of School.

Spotlight on...

Parental visits

We warmly invite parents and carers into school to join in with our learning, working as a team and having fun. Please put these important dates into your diaries.

Come and join in with our **Maths lessons** and see how we learn.
