

# SUMMER 1 2025

We have really been using our learning muscle 'Don't give up' when learning about fractions greater than one. We worked with fraction cards, matching the fraction, image and words to help with our understanding.

In writing, we have read the story 'The Tunnel' by Anthony Browne. We experienced the story by climbing through our own tunnel and drawing an imaginary setting at the end.

As historians the Nightingales have been exploring the conflict that occurred during the Viking and Anglo-Saxon struggle for England. We have researched how the Vikings traveled and explored in order to conquer Britain.

Every term we celebrate our children achieving 100% attendance. We would really like this to be more children next term. Children are rewarded with a special treat. This term it was donuts in the head teachers office!

We have been investigating how sound travels and discussing how and why the sound becomes quieter the further away you are from the sound source. We knew if the children could here the song because some were having a little dance.

# YEAR 4 NIGHTINGALES
