

AUTUMN 1 2025

Maths

In maths this half term the children have been learning about colours, sorting objects and creating repeating patterns. The children have also enjoyed developing their counting skills, saying numbers to ten and singing number songs.

Physical Development

The children have been developing their gross motor skills outside through climbing across obstacle courses that they have made. The children have enjoyed developing their ball skills, throwing, catching and kicking balls. We have been helping the children to develop their muscles in their fingers through dough disco and through exploring the construction kits that we have.

Communication and Language

The children have been developing their communication skills through the use of my turn your turn. They are developing their understanding of listening and waiting for their turn to talk. They are developing their imaginative play through talking through imagined worlds with each other. This half term the children have enjoyed talking about their family and their experiences of Hull Fair.

Social and Emotional Development

This half term the children have been developing their understanding of the rules and routines of the nursery. They have been developing relationships with one another and the adults in the setting. The children have become familiar with their new environment, learning how to use the resources and developing an understanding of choose it, use it, put it back.

Understanding the world

This half term we have been talking to the children about who is in their family. They have been telling us all about the lovely times they share. We have also been learning about the season of Autumn. The children enjoyed an environment walk looking for signs of autumn, we saw lots of leaves on the ground, we enjoyed jumping in them listening to the crunchy sound they made.

HARVEST MICE
