

Information update . . .

Lunch selection changes, drinks in school and updates on clubs

Choosing a lunchtime meal

From Monday 9th January 2023, children will no longer be choosing their meal option during the morning registration. Children from Years 2 to 6 will have the time to review the meals at the serving hatch upon entry to the dining hall. For the children in Reception and Year 1, a lower level table of the meal options will be displayed for them to choose from so that they can clearly see what there is. Children will also be able to sample (separately from their chosen dish) new foods to try! Please encourage your child to sample many of the options available to them.

For our nursery children who stay for lunch, our nursery staff will discuss the choices with you as you know what your child likes to eat!

In school drinks

Please encourage your child to bring a water bottle to school every day. This will be kept in the classroom for them to access. Please remember that these should be filled with water only.

Breakfast club

Please ensure you book your child in for the breakfast club for every session you need them to attend. Your child will be able to enjoy a good healthy breakfast and time to play with their friends! The breakfast club opens at 7.45am and is free to all! If your child is booked in but is not in the club by 8.15am, a courtesy call will be made to you by the school.

After school clubs

The after school clubs will commence again from Monday 9th January and we welcome the children who are already pre registered to continue to enjoy these clubs for the spring term.

We still do have limited spaces available for the multisports clubs. Please call the school office if your child is interested in attending.
