

AUTUMN 1 2025

In maths, we have done lots of learning on place value and using inverse to check our answers to questions.

In our history lessons, we have learnt lots of interesting facts about the Tudors, in particular Henry VIII.

During our PE lessons, we have been learning lots of different skills in basketball. Such as, dribbling, shooting, passing and pivoting.

In our science lessons we have been investigating different types of forces and concluding our results. We have looked at friction, air resistance and water resistance.

Our class have really enjoy our PE lesson on a Friday with Hull KR.

We have had the chance to play fun warm up games and develop our basketball skills.

YEAR 5 SKYLARKS
