

AUTUMN 1 2025

Music has seen us making links to our Geography topic of global trade, exploring using everyday classroom objects to create rhythms to go alongside our own working songs.

In our weekly fitness sessions, we have explored a range of activities and have particularly enjoyed having a go with yoga!

In Guided Reading, we have been reading *The London Eye Mystery* and using a range of reading skills to explore the text, including vocabulary awareness, inference and prediction strategies.

In Art, we have explored the world of Manga, looking at existing Manga artwork and using a range of sketching skills to recreate our own Manga portraits.

We know how important it is to be 'in school, on time, everyday' and we are keen to complete our whole class jigsaw picture by achieving at least 96% attendance each week!

YEAR 6 BARN OWLS
