

# SPRING 2 2025

As part of British Science week, we attended the Colliderfest festival at Craven Park, where we took part in science and art themed workshops.

The Colliderfest festival allowed us to see how we can combine art and science to explore the world and be creative at the same time!

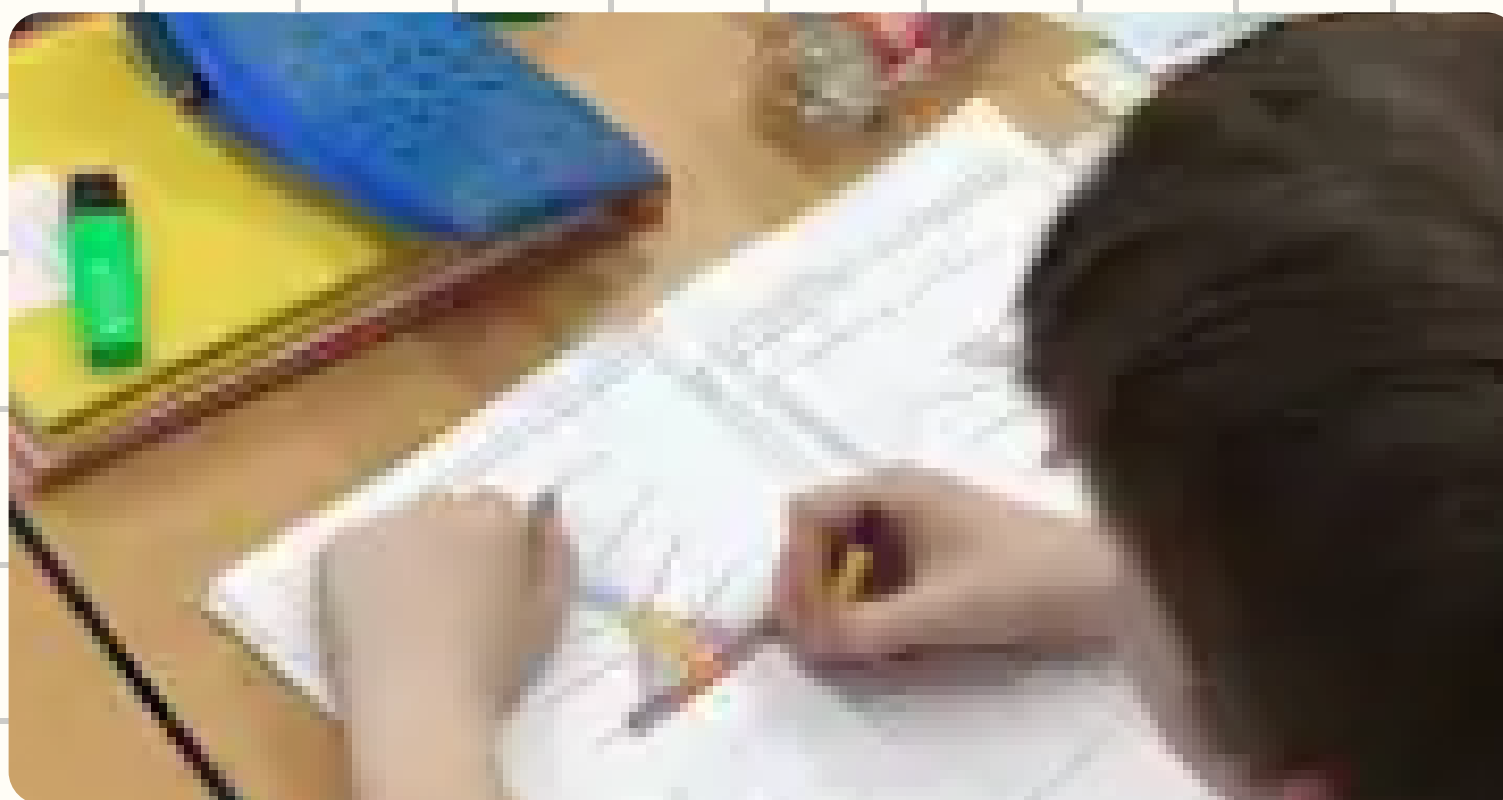

We had so much fun on World Book Day! We even met and took part in a fun workshop with the author of The Heavy Metal Badger – our chosen book for this year's World Book Day – and dressed up as rock stars for the occasion!

We continued to work hard on our Magic Flute Opera project, in preparation for our performances at Boulevard Academy, the Albermarle Music Centre and to parents.

In geography, we have been learning all about natural disasters. We have explored 'what makes the Earth angry,' learning about how volcanoes and earthquakes are caused and the impact of these on people and places.

## YEAR 5 FOXES
