

SUMMER 1 2025

Maths

We have been using our knowledge of '5 and a bit more' to develop a deeper understanding of the pairs of numbers that make 10

Writing

We have continued to take part in 'Drawing Club' and use our Fred Fingers to help us spell words to write captions and short sentences

Reading

We read both fiction and non-fiction books about St George who is the patron St of England. We also read a story about a cat that visited London and a story Called 'Hand's Surprise' where the main character went to take her friend some delicious fruits that were stolen along the way by some wild animals.

Understanding the World

We have learnt the names of a range of wild animals that live in Africa and were excited to locate places on maps Google earth showed us images of places including our school, London and Africa

Festivals and Celebrations

We explored St Georges Day and discovered that George was made our Patron Saint by King Edward III and that the legend of him being a dragon slayer may not be true. We had a visit from some of the players from HKR and got to ask them some questions
