

SPRING 2 2025

In maths, we have been learning about parts and wholes. We investigated how parts can make wholes.

In writing, we are thinking of our own catchy slogans as part of our learning about persuasive adverts. We will be writing an advert to persuade people to visit Wonderland like Alice did.

We love reading our school reading books every day before we complete an online quiz about them.

As part of our Mountains topic, we created our own mountains using water colours, collage and junk modelling.

We have been learning about rocks and soil in science. We learnt about soil layers by layering different types of chocolate - yummy!

YEAR 3 RABBITS
