

# SPRING 2 2025

During the Colliderfest festival, we had the opportunity combine art and science in a flash mob dance using our creative and exploration skills at the same time.

We attended Colliderfest at Craven Park as part of British Science week festival, where we took part in science and art themed workshops. This included holding a range of different animals.

DT  
In DT, we have been designing and making our own money containers. We have practised the back stitch, overcast stitch and the running stitch. It was very tricky and required us to use our concentrate and have a go learning muscles lots!

We have continued to work hard on our Magic Flute performance as we look forward to performing at the Boulevard Academy and the Albermarle Music Centre.

We had so much fun on World Book Day! We even met and took part in a fun workshop with the author of The Heavy Metal Badger – our chosen book for this year's World Book Day. We loved the opportunity to dress up as rock stars for the occasion!

## YEAR 5 BADGERS
