

# SUMMER 1 2025

In computing we have been using chrome book keyboards to add and edit text within word documents.

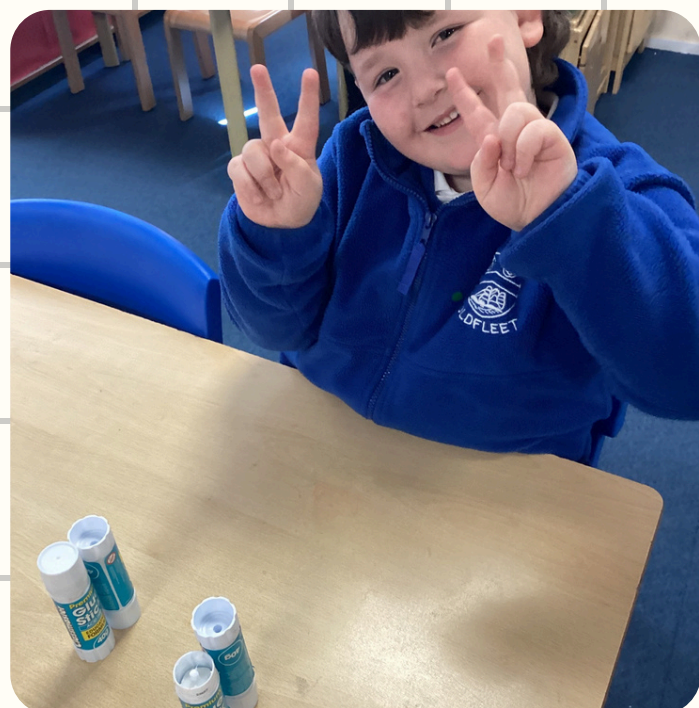

In science we have been investigating plants. We can now identify and describe garden plants and wild plants and flowers.

This half term we have had the opportunity to take part in an after school craft club.

We have developed our scissor skills and created lots of spring crafts!

In maths, we have developed our confidence grouping and counting in 2s, 5s and 10s using resources and coins.

We have used our map skills in geography this half term to learn the names of the four countries in the UK, as well as their capital cities.

We are also able to locate and name some of the seas!

# YEAR 1 HEDGEHOGS
