

SUMMER 1 2025

We became superstars with fractions by matching the fraction, image and word. We then began to order and compare mixed number fractions.

In Writing, we read the story The Tunnel by Anthony Browne. We brought the story to life by climbing through our own tunnel and drawing an imaginary setting at the end.

During our History lesson, we used a timeline to identify when the Vikings invaded Britain. We then linked our learning by finding out whether this was before or after the Romans. Finally, we placed these events in chronological order.

We explored how far sound travels by standing at a point in the playground and moving music. We discovered the further away the music was quieter it became.

Due to our partnership with Hull KR, we welcomed some exciting visitors into our classroom. We created a list of questions to ask the Hull KR players to find out about their career so far.

YEAR 4 KINGFISHERS
